

Contents

On direct product of t -norm (λ, μ) -fuzzy subrings and t -norm (λ, μ) -fuzzy subsemi-rings X. ARUL SELVARAJ, D. SIVAKUMAR	131–139
On rough (m,n) -bi-ideals and generalized rough (m,n) -bi-ideals in semigroups MUHAMMAD ASLAM, MUHAMMAD SHABIR, NAVEED YAQOOB, ASIM SHABIR	141–150
Direct product of intuitionistic fuzzy sets in LA-semigroups-II S. ABDULLAH, M. ASLAM, M. IMRAN, M. IBRAR	151–160
Predictors of interest in cosmetic surgery – An analysis using induced fuzzy cognitive maps (IFCMs) W. RITHA, M. MARY MEJRULLO MERLIN	161–169
Multi level inventory management decisions with transportation cost consideration in fuzzy environment W. RITHA, S. REXLIN JEYAKUMARI	171–181
Measures of compactness in L -topological spaces FU-GUI SHI	183–192
Ideal theory of semigroups based on the bipolar valued fuzzy set theory CHANG SU KIM, JEONG GI KANG, JUNG MI KANG	193–206
(L, \odot) -smooth topogenous spaces and (L, \odot) -smooth quasi-uniform spaces M. A. ABDEL-SATTAR	207–217
FP-soft set theory and its applications NAIM ÇAĞMAN, FILİZ ÇITAK, SERDAR ENGİNOĞLU	219–226
Characterizations of ternary semigroups by their anti fuzzy ideals MUHAMMAD SHABIR, NOOR REHMAN	227–238
Optimization of fuzzy integrated vendor-buyer inventory models W. RITHA, R. KALAIARASI, YOUNG BAE JUN	239–257
Corrigendum	
Corrigendum to “Soft Γ -rings and idealistic soft Γ -rings”[1] MEHMET ALİ ÖZTÜRK, EBUBEKİR İNAN	259–259
